Red was bought as a calf with a cow from Doreen Hickman's incredible program and sired by the over 89" JR Laredo. We knew he had incredible horn genetics when we steered him but Holy Handlebars Batman- look at those horns! He's a huge, tall steer, clean and slick, with beautiful shape to his horns that are still growing strong. He measured 102" TTT in April 2022 but looks like he's blown past that at this point. OK kids, there are lots
